Presentation and Publication

All the accepted papers will be posted as websites during 1-30 September 1998. The ECSOC-2 Proceedings will be published in two editions (online and CD-ROM). Posters presented at ECSOC-2 will be preliminary communications of research results and review papers and may be published in another form in a chemistry journal. Authors are invited to publish their papers in the journal *Molecules* (<http://www.mdpi.org/molecules>) after peer-reviewing. However, they may publish their papers in any other journals.

Registration and Mailing List

There is no registration fee for the conference. To register, and to subscribe to the ECSOC mailing list, send by e-mail a one-line message:
