Call for Papers to the *IJMS*

Dear Colleague:

I would like to invite you to contribute a review or research paper to the *International Journal of Molecular Sciences* (ISSN 1422-0067) at the website <http://www.mdpi.org/ijms/>. The journal provides an advanced forum for chemistry, molecular physics (chemical physics and physical chemistry), and molecular biology. It publishes reviews, regular research papers, and short notes. Please send your manuscripts to the Editor-in-Chief, Professor Jerzy Leszczynski, by e-mail (jerzy@tiger.jsu.edu).

Because it is a free online journal, papers published in *IJMS* will receive large exposure. All authors who have published in MDPI's other journals (e.g., *MOLECULES* at <http://www.mdpi.org/molecules/>) have informed us that they receive many more reprint requests than for other papers.

Thank you in advance for your kind support, and I look forward to your submissions.

Sincerely,

Jerzy Leszczynski

Editor-in-Chief, *IJMS*
